SABYASACHI X MORGENTHAU FREDERICS

A celebration of handmade luxury eyewear

"True luxury is handcrafted. Everything else is just a commodity."

Inspired by Calcutta, each piece brings together the hallmarks of India's leading luxury house Sabyasachi, with the master craftsmanship of Morgenthal Frederics. Coded to create modern heirlooms and handcrafted in classically unique silhouettes and colors—
Sabyasachi X Morgenthal Frederics is a tribute to heritage, culture and craft.

THE TOLLY

The club culture of Calcutta. Private codes of sophistication, modernity and classic glamour. Of lounging men and ladies playing mahjong in starched saris. Old world opulence—restored and reclaimed.

74

1974. The rebellious Calcuttan. Amore Libero all along the hippie trail. Flower power, euphoric communes and wayward dreams. An era of chaos, style and icons.

THE SUDDER

A poet's muse and the traveller's camp. A street in Calcutta of drifters and dreamers, artists and rebels. Packed with lazy sun-soaked cafes, vinyl records and leather bound books—the easy elegance of wisdom and the constant hum of counter culture.

CARING FOR YOUR GLASSES

Each piece is expertly hand made using natural materials that is best suited to cleaning when necessary. To clean, wet a soft cloth with water mixed with a small amount of mild dish soap, wipe gently and leave it to air dry. Store in a cool, dry place.
